THIRTEEN DEAD IN WEEK-END RIOTING

Tension Throughout Ruhr Valley Reported Lessening at Least For The Moment

PEACEFUL DEMONSTRATIONS

Berlin, May 28—French officials are moving to stop the spreading strike of workers in the Ruhr district according to word received here today. General DeGoutte is said to have ordered German railway men throughout the Ruhr region to return to their jobs within two days or be banished from the district.

Work is being carried on irregularly throughout the region. At Bochum and Dortmund, the iron workers are striking and more miners are working. At Gelsenkirchen, the iron workers are holding to their jobs, while the miners are divided, some of them being on strike. A demonstration was held peacefully at Hoerze by Communists today.

Thirty Communists and civilians have been killed in the revolutionary uprising in the Ruhr this week, the Zeitung estimated today.

Dusseldorf, May 28—With thirteen dead in week-end riots in the Ruhr, reports throughout the valley today indicate the tension is lessening at least for the moment.

In Bochum, where communists besieged the municipal officials and assumed practical control of the city the self-defense league has succeeded in regaining the upper hand.

French in Essen have seized several million paper marks following repeated refusal of German officials to pay certain occupational expenses. Workers held peaceful demonstrations in many cities during the night. Officials fear, however, that the lull is only temporary and that renewed attacks may be made.

Queer Combination Lands Three Men In Rush County Jail Sunday

An Automobile, Fishing Trip, Rain and Church Conveniently Nearby Result in William Stevens, Ed Dillinger and William Davis Being Fined Sunday Night by Justice of Peace Stech.

An automobile, a fishing trip, the weather man and a church, landed three Rushville men in jail here Sunday, when William Stevens, Ed Dillinger and William Davis were taken into custody yesterday morning by Sheriff Hunt near Sexton, and each were arraigned in Justice Stech's court Sunday evening, and paid fines.

Stevens owned an automobile, and invited the other two guests for a joy-ride and fishing trip in the vicinity of Sexton Saturday night, according to the story told in court. The weather man spoiled the fishing party and the trio went to the church at Sexton for refuge.

Stevens parked his machine at the rear of the church, and the men climbed through a window and settled themselves on the church benches for the night. Early morning came, and they went back to the river, leaving the machine behind the church.

The janitor arrived to open the building for the Sunday services, and discovered the window open, and that the floor and benches were splattered with mud. The machine had no license tags, and he called for the sheriff.

When Sheriff Hunt arrived, he found the trio along the bank fishing. It is not known whether the trio had fish for dinner Sunday in jail, but by evening they wanted out, and a Sunday night session was held in Justice Stech's court.

Stevens paid a fine of \$1. and costs for operating an automobile without a license; Dillinger and Davis pleaded guilty to trespass, each being fined \$1 and costs. All fines of \$8.85 each were paid.

DIVORCE IS GRANTED

In the divorce suit heard Saturday of Ralph Lloyd against Thelma Lloyd, the court granted the plaintiff a decree, following the evidence, and upon payment of the costs. Another suit set for trial Saturday was dismissed by the plaintiff, Ella Smith against Wilbur Claire Smith.

CHURCH COUNCIL TO MEET

The Church Council of the First Presbyterian church will meet Tuesday night at 7:30. This includes all members of the board of elders, deacons and trustees and also all officers of the organizations of the church. The board of deacons will meet at seven o'clock, for the transaction of business.

Bids submitted for the wiring were as follows: Johnson and Hickman \$1,630, and Lucas and Tingle \$1,648.

Bernhart of Wilkinson, \$20,137; H. F. Vietlow of Indianapolis, \$20,590; Vaughn and son, Plainfield, \$23,700; Charles R. Liniger, Hartford City, \$22,550; and Beale Brothers of Rushville, \$21,266. SOCIETIES AND VETERANS ATTEND

The Rev. Gibson Wilson Preaches on "True Patriotism" at Memorial Service Sunday

WOMEN GET SHARE OF PRAISE

Local Post of The G. A. R. And All Patriotic Societies Represented in Audience

The Grand Army of the Republic and all local patriotic societies were represented at the Memorial service held at the First Presbyterian church Sunday morning, when the Rev. Gibson Wilson, the pastor, spoke on the subject, "True Patriotism", taking for his text Deut. 8:10, "Thou shalt bless Jehovah thy God for the good land which He hath given thee."

The church was specially decorated for the occasion, and a large crowd of people attended the services.

The Rev. Mr. Wilson paid tribute to the veterans of the civil war as well as the women who make up the patriotic societies and help keep the spirit of patriotism and the love of country alive.

He spoke in part as follows: No person can become 100 percent American and leave God out.

You can not retain God if you destroy his institutions. If his day goes, his church will go, and when these go the very foundation that makes America will go.

I believe that every 100 percent American must necessarily be a worshiper of God and a defender of his institutions.

I believe it is the duty of every citizen to worship God in his house on the Sabbath day before he goes out to the rest and recreation of the Sabbath day.

Is a man 100 percent American who would take the life of his neighbor, who would rob a bank, who would roll his body in the gutter, who would poison the mind or body of the children of his community, who for financial gain would rob a child of its right to an education, who would dishonor his neighbor's daughter, rob her of her honor, who by is act or influence will turn any life away from that path that leads to the heavenly city and the glories that are eternal?

Loyalty to our father's God and to the rich heritages they have left us call for the very highest ideals in our Americanism.

Allegiance to God and our country call for allegiance to the people and institutions of our God and our country.

When we go next Wednesday to

RUSH COUNTY IS ACTIVE ENTRANT

May Be Designated As One Of Two In Indiana For Experiments In School Management

LAGRANCE MAY BE INCLUDED

General Educational Board Of Rockefeller Foundation Approves Request Of J. B. Burris

Rush county is an active entrant in the competition to be selected as the county near Indianapolis where extensive experiments in school management will be conducted, it became known here today.

Rush county school officials put in their application to be considered as contestant just as soon as it was announced that the general education board of the Rockefeller Foundation, has approved request of Benjamin J. Burris, state superintendent of public instruction, for an appropriation to experiment in school management in two Indiana counties.

The plea is not the county unit system of school control which was defeated in the last session of the Legislature, but the main points are of marked similarity, it is pointed out. Both involve the centralization of control now divided among township trustees.

The education board also voted to appropriate funds to create a new division of the Indiana state department of public instruction to be known as the division of school-house construction and planning.

The telegram received by Mr. Burris did not give the amount of money appropriated by the board for the two Indiana requests, but it was estimated that at least \$50,000 will be required to carry out the plans of state school officials.

The rural school experiments will include establishment of a county budget system for school finances, a county purchasing system and the furnishing of at least two trained supervisors to work with the county superintendent in an effort to show the advantages of closer supervision of the rural schools.

Township trustees of Lagrange county already have petitioned Mr. Burris to designate their county as one of the two in which the plans for rural school improvement are to be carried out. Mr. Burris said this probably will be done.

Mr. Burris said that he expects to select a county near Indianapolis as the other county in which the new plans are to be carried out. A number of counties are under consideration.

The new division of school house construction and planning which will be established with education board funds, will have supervision in the erection of new school buildings in the state, and will provide local school officials with accurate information on construction. The division will co-operate closely with the state board of health to see that all new school buildings meet health requirements.

Mr. Burris said that the plans

Obituary

I know that my Redeemer lives: What joy the blest assurance gives He lives, he lives, who once was dead He lives, my everlasting head.

With this sublime faith burning in her soul Ione's spirit passed quietly into her eternal home on Wednesday evening; Julia Ione Brown Webb, widow of the late Forest L. Webb and daughter of John H. and Katy Weingarth Brown was born July 17th, 1898 and departed this life May 16th, 1923, aged 24 years 9 months 29 days. She was united in marriage to Forest L. Ione was baptized in infancy, being christened by the Rev. G. G. Winters pastor of the German Evangelical church. She became a member of the Christian Union church of Homer Ind., when about twelve years of age, and continued a faithful member of the same until May 1921 when she became a member of the Methodist Episcopal church of Manilla. WANTS TO HELP OTHER WOMEN

Grateful for Health Restored
by Lydia E. Pinkham's
Vegetable Compound

Chicago, Ill.—"I am willing to write to any girl or woman who is suffering from the troubles I had before I took Lydia E. Pinkham's Vegetable Compound. My back always ached, so I could not go about my housework, and I had other troubles from weakness. I was this way for years, then my sister-in-law took the Vegetable Compound and recommended it to me. In the time I have been taking it and it has done wonders for me. I keep house and am able to do lots of work besides."—Mrs. HELEN SEVICK, 2711 Thomas St., Chicago, Ill.

Women suffering from female troubles causing backache, irregularities, pains, bearing-down feelings and weakness should take Lydia E. Pinkham's Vegetable Compound. Not only is the worth of this splendid medicine shown by such cases as this, but for nearly fifty years this same sort of experience has been reported by thousands of women.

Mrs. Sevick is willing to write to any girl or woman suffering from such troubles, and answer any questions they may like to ask.

is home to remain until commencement exercises which will be held June 13.

—Mrs. E. Milde and children of Jackson, Mo., are visiting Mr. and Mrs. Edwin Lee and among other relatives and friends. Mrs. Milde was formerly Miss Lillian Armstrong of this city.

RUSH CHAPTER MEETING

Rush chapter No. 24 Royal Arch Masons, will have work in the R. A. degree at the Masonic temple Monday evening.

BE RID OF THAT ACHE

If you're a sufferer with lame back, backache, dizziness, nervousness and kidney disorders, why don't you try the remedy that your own neighbors recommend. Ask your neighbor!

Mrs. Joseph Doll, 521 W. Third St., Rushville, says: "I have used Doan's Kidney Pills off and on when I was troubled with kidney complaint and have found them a reliable remedy. At times my back was weak and lame and I had to remain in bed. It ached intensely through the small part and my kidneys were irregular in action. I used Doan's Kidney Pills and they have never failed to relieve me."

Mrs. Doll gave the above statement August 26, 1915, and on November 1, 1920, she added: "I still have the same high opinion of Doan's Kidney Pills. I use them occasionally as a kidney tonic always with satisfactory results."

Ministerial Insurance

Will Rogers is a comedian, but he frequently slips in a serious note now and then in syndicated articles he writes for more than one hundred newspapers, that indicate some originality in thinking. In a current story on events of the day, Rogers offers a suggestion that is a little out of the ordinary in proposing that churches insure their pastors to guard against the possibility of poverty in old age, which puzzling question many churches are trying to solve by means of pensions.

The idea came to Rogers, he says, from reading the suggestion of Will Hays to the Presbyterian general assembly in Indianapolis that a pension fund be raised for preachers of the church.

Rogers believes that every minister should be compelled to carry an endowment policy, payable in twenty years, to be paid at maturity to him

or his widow in monthly installments and that the churches should pay the premiums. He prophesies that this would remove the need for constant charity drives to raise money for this and that to support preachers who are no longer able to be active but are a church charge.

Rogers is probably right in his contention that the improvement in the grade of the sermons would pay a good dividend on the church's investment, because relief from fear of the future when he would retire from the ministry would give the preacher more time for the preparation of his sermons.

Rogers also proposes that each congregation raise the salary of its preacher on a pro rata basis every time a child is born. "Why should a man, preaching and trying to support eight children, be paid no more than a single man with only the upkeep of a tennis racket to worry about? Besides, he can live cheaper; somebody is always asking him out to dinner. But whoever asked a preacher with a wife and ten kids out to dinner? No, unfortunately, our Christian spirit hasn't reached that far yet," is his argument.

Rogers wants to know what church will be the first to try his plan and he promises them a lot of publicity if they will.

Many denominations have plans to care for their worn-out ministers, but there are still many, living on small salaries, especially those filling the pulpits of the small congregations, who face old age with great concern. Rogers' idea has enough merit to be worthy of consideration.

"What's The Use?"

"What's the use of trying?" some people say when confronted by a difficult problem?

And that ends it—for them. They see no use, they never try, and they never accomplish anything worth while.

But there is every use in trying, even though ultimate failure is the result.

The man who tries is giving vent to the spirit of progress that is within him. The effort he puts forth, though it may be in vain, convinces him that he does possess the ability to do things. The partial results he accomplishes go far toward making clear to him the fact that he possibly lacked certain facilities and a little greater degree of determination in order to achieve a complete success.

And that knowledge gives him faith and courage to try again—and succeed.

"MUST REVIVE FLAME OF
PATRIOTISM"—OWSLEY

By Alvin Owsley

National Commander, American Legion

ON this day, sacred to the memory of America's brave fighting men who lie buried in the cemeteries of Europe and America, the American Legion joins the great body of American citizenry in reverent tribute.

OWSLEY

At home and in the lands across the seas, Legion men, the comrades in battle of those who sleep, are making pilgrimages to the burial places to strew upon their graves the flowers of remembrance.

As we pause in reverence at the shrines of our hero dead, a feeling of our own unworthiness must manifest itself. Our comrades have made the highest sacrifice; they have given their lives to perpetuate the ideals of peace and good will.

The cause for which they died has not prevailed. We who survived the fight have been unable to accomplish the holy tasks bequeathed to us by those who fell.

This Memorial Day should mark the consecration of our endeavors toward instilling in this nation and the world the spirit of the men who died for us. In our own country we must revive that flame of patriotism which burned brightly during the days of strife and in the world the unity of sentiment that existed among allied peoples fighting for their homes and fire-sides against the advance of a militaristic power. If our efforts are not turned toward the achievements of these high ideals, we break faith with those whose memory we reverence today.

The American Legion was founded to preserve for posterity the spirit that led the finest men in our land to sacrifice their all for a great and noble cause.

Its program is based on a broad conception of peacetime service to the community, state and nation.

It has thrown the weight of its influence on the side of the right during the uncertain days following the return to America of our overseas fighters and has assisted in preserving the nation from the perils of those sinister forces which have brought disaster and ruin to the largest nation in the world and which today threatens many other lands.

Members of the Legion have caught the torch thrown to them by their falling comrades and will bear it on, lifting men and nations to the higher ground.

Last fall Bert Walton bought the old Dr. Knightley homestead in Greencastle, says the Greencastle Tribune. It had been the childhood home of his wife. After the death of her father, Mr. Walton bought the other heirs out. The lot is centrally located, being one square from De Pauw University campus.

The market prices were: Hogs per 100 lb. \$4.80 to \$5.00; sheep per hundred, \$1 to \$4.50; steers, per hundred, \$5 to \$5.75; veal calves, \$4.50 to \$5; chickens, two pounds, 18 cents; hens on foot 9 cents; eggs per dozen, 13 cents; butter, country, per pound, 14 cents; potatoes per bushel 80 cents; wheat, 93c; dry corn 65c.

At Indianapolis yesterday Dr. D. H. Dean, W. T. Jackson and Col. E. H. Wolfe were honored by having offices of trust and prominence conferred on them. Dr. Dean, who attended a meeting of the Indiana Inury, is found in the fact that few ever tell all they know about their husbands. In recent years we have heard a great deal about the amount folks can save on their food bills by trading at no-service stores.

However, there seems to be something wrong, for almost every day we are hearing from people who have become convinced that the saving is very small and if their time is worth anything there is no saving at all.

All we ask is, compare your bills, price for price, quality for quality, you will find very little difference in your bill and besides you have the advantage of telephone and delivery service and charge accounts.

Most no-service stores feature well known staples such as soap or sugar at cost or less to attract attention. This has never been our policy and we usually advise our customers to take advantage of such sales when we know that they are worth while.

The No. 1 Improved Cultivator embodies the parallel gangs and the Oliver seat guide features which make it easy to control. The gangs remain parallel whether shifting or running straight. This relieves the operator of the necessity of watching more than one gang and prevents plowing up plants with the gang the operator is not watching. It can be equipped with gangs for all requirements. The wheels and gangs are adjustable for various width rows.

It's extreme ease of operation and perfect adjustment makes it the popular choice of the farmer in this section.

NO CINCH IN THE
AMERICAN LEAGUE

Sudden and Rather Unexpected Re-
turn to Life of Athletics Makes
It Different

THREE TEAMS IN THE RUNNING

National League Fails to Develop
Team That Looks Like it Can
Head The Giants

(U. P. Staff Correspondent)
New York, May 28.—Through the
sudden and rather unexpected return
to life of the Philadelphia Athletics,
a "cinch" pennant race in the major
league has been temporarily, if not
permanently, avoided.

While the National League has
failed to develop a team that looks
to have even a small chance of beat-
ing the Giants, the American League
has jumped to the front with the
prospect of a tight contest between
the Yanks, the Athletics and one of
the western club which may get
around to pre-season form.

The Giants have a lead of six and
one-half games and it is being taken
for granted that the worlds cham-
pions will be "in" again before the
end of the season. The Reds have
been a terrible failure, the Cards will
be badly crippled by the injury to
Rogers Hornsby, and the Pirates,
good as they seem, will have to act
better off the field than recent oc-
currences in Boston indicate they
are acting.

In the American League, the
Yanks have a lead of four and a
half games; but with the Athletics
going as they are, that margin is
none too great. The Cleveland In-
dians are having trouble, the Browns
will never get any place without
George Sisler, and the Tigers are
said to have been razed clear off
form by Ty Cobb.

Cy Williams, the tall Philadelphia
outfielder is furnishing one of the
features of the season in his drive
for a new home-run record. At the
present time, Williams has five more
homers than Babe Ruth had on
May 27 of his record year in 1921.

It must be considered too that the
season started a week later this
year than it did in 1921, and that

WEATHER MAN INTERFERES

One Inning Played Sunday When
Downpour Of Rain Comes

The weather man interfered with
the baseball game here Sunday af-
ternoon between the Rushville club
and the Fortville team, and only
the first inning had been played
when the downpour came. Neither
team scored in the first. The "Key-
stone" club of Indianapolis will be
the attraction next Sunday.

Herman, first baseman, and Hem-
phill, left fielder, each from Com-
mersville, have resigned from the
local club to take positions on a
team in their city. These vacancies
will be filled this week, and several
applicants are in view, including
McElfresh and Rea as outfielders,
and Plummer and Clever for the
first base job, and as relief pitchers.
These two have played here before,
and are well known here.

A definite line-up will be known
in a few days. Cooley and George,
two other Commersville boys, will
stick with the local club.

PHILLIPS BREAKS
RECORD FOR MILE

Rushville Athlete Closes High School
Career by Putting Rushville on
The Map

SETS A MARK OF 4:30 3/5

Friends Preparing to Meet Him With
a Band, But Time of His Arrival
is Indefinite

Herman Phillips, Rushville high
school athlete, closed his high school
career in a blaze of glory and put
Rushville and its high school on the
map of fame, by winning the mile
run, establishing a new record in
that event at the annual Interna-

HERMAN PHILLIPS

tional scholastic high school track
and field tournament held Saturday
in Chicago.

The local sprinter broke the pre-
vious record when he dashed the mile
in 4:30 3/5. This was faster time
than he made in the state high school
meet when he finished second, and
was surprised by a sprinter from
Union City, Ind.

At the meet in Chicago 30 states
were represented and the best ath-
letes in the United States and Cana-
da were present for the big event.
Several other records were shattered
but Phillips took part only in the
mile run. He went to the meet last
year, but failed to score.

The people of Rushville should
feel proud of the local sprinter and
an attempt is being made to give
him a rousing send-off on his return,
but the time when he will arrive
home is indefinite. The high school
band was making arrangements to
meet him at the train, but no exact
word could be learned as to the
time of his arrival.

The Score Board

Benton's wild pitch in the ninth
inning let two runs in and gave the
Robins a 6-5 victory over the Braves.
Four runs scored in the first in-
ning were all that the Pirates could
get off Vic Aldridge, but they were
enough to beat the Cubs 4-2.

O'Connell's first homer with two on
bases helped the Giants win over the
Phils 12 to 4 and gave them their
eighth straight victory.

Evans mis-judged a fly hit by
Mensel with two on bases in the first
inning and it went for a homer giv-
ing the Yanks 3 runs and the start
for an 8 to 1 victory over the Sena-
tors.

Baseball Draft Problem is up

By HENRY L. FARRELL
(United Press Sports Editor)

New York, May 28.—After trying
any number of methods to break up
the opposition of the leading minor
leagues to the draft, the major
league club owners probably have
found the solution of their problem
in the rule prohibiting the transfer
of any major league player to a
league that will not accept the draft.

Discontent has found its way into
the American Association and the
Toledo and Indianapolis clubs, which
are in great need of playing strength,
may work up enough support before
the end of the season to have the
draft restored.

RANKS OF VETS
GROWING THIN

COMMANDER J. W. WILLETT

Des Moines, Ia., May 28.—Slowly
the ranks of the Grand Army of the
Republic are thinning. Familiar faces
drop out, and none take their places.
Exactly how many still survive
is unknown. Last year some 180,000
remained. This year that figure is
shortened by approximately 24,000
—at the rate of 2,000 a month.

Judge J. W. Willett, of Tama, Ia.,
continues to rule the diminishing
ranks. He is commander in chief,
and the only naval veteran to hold
this office.

A native of Illinois, he enlisted at
Cleveland, O., in the volunteer navy
in 1863. For a while he served on
the receiving ship Clara Dolson at
Monroe City, Ill. Then he was trans-
ferred to the gunboat U. S. S.
Springfield, Mississippi squadron,
where he served until the war's end.

It is estimated that in about eight
years this thin line of veterans will
have vanished altogether.

SEARCH SHIFTS TO CHICAGO

Negro Bandit Takes Refuge in
"Black Belt," Belief

Chicago, May 28.—Search for
J. L. Whitfield, negro bandit ac-
cused of murdering Dennis, Cleve-
land policeman, shifted to Chicago's
"black belt" today.

Information that the fugitives
had crossed the Wisconsin-Illinois
line and was heading for Chicago,
was obtained from Waukegan
friends of Whitfield. The trail of
the alleged slayer since he escaped
from Madison Wis., police last week
has pointed towards this city.

Authorities here believe Whit-
field craving for drugs might drive
him into the open. A complete dope
users outfit was found in the auto-
mobile in which he escaped from
Cleveland. Physicians and drug-
gists were asked to be on the alert
and were furnished with his com-
plete description.

QUALIFICATION
TRIALS RESUMED

Rain Saturday Delays Testing Of
Entrants In Memorial Day
500 Mile Speedway Race

EIGHT READY FOR GETAWAY

Boyer And DePalma Are Out For
Honors In Second Round Of
The Qualifying Trials

Indianapolis, Ind., May 28.—
Qualification trials will be resumed
at the Indianapolis Motor Speed-
way today with between fifteen and
twenty pilots ready to tune their
cars up to eighty miles an hour for
four laps on the Speedway, or a
distance of ten miles.

Rain Saturday delayed the trials
and only eight cars had demon-
strated the speed necessary for a place
in the line-up for the get-away
Wednesday when the rain stopped
all runs.

The fastest car today will win
the third place in the third row for
the start Wednesday. Two and
two-third rows were filled Satur-
day.

Boyer and DePalma are out for
the honors in the second qualifying
tests, and their packard specials
are all primed and waiting. Murphy,
winner of last year's race, Hearne,
and Cooper of the Durant squad are
also bidding strong for an honor-
able place in the line-up.

The three German Mercedes and
another French Bugatti will face
the starter today and give an in-
ternational zest to the trials. There
has been the keenest rivalry be-
tween the German and Frich pilots,
and while exchange of comment be-
tween the French and German gar-
ages has been very little the
Frenchmen have it be known that
he would rather die than let the
Germans turn in ahead of them.

The vanguard of the speedway
crowd reached Indianapolis yester-
day and today. Thousands posted
in by auto and all trains and in-
terurban car, had race enthusiasts
aboard. Hotels are already packed
to capacity.

AMUSEMENTS

At Princess 'This Week

Gloria Swanson has a new lead-
ing man. He is the popular actor,
Antonio Moreno, who has long been
one of the screen's best known
stars.
Mr. Moreno plays the role of
Manuel La Tassa, a young Argen-
tine aristocrat in Miss Swanson's
latest Paramount starring vehicle,
"My American Wife," which comes
to the Princess Theatre Wednesday
and Thursday.

The story is a colorful and un-
usual romance laid in the Argen-
tine and presenting the love story
of a handsome young aristocrat and
politician, descendant of one of the
old Spanish conquistadores, and a
beautiful American girl from Ken-
tucky, who owns the horse which
out-races the valued track champion
of the Latin nobleman.

There are many other interesting
names in the supporting cast, in ad-
dition to Mr. Moreno, who in this
role plays for the first time in a
Paramount Picture, and makes his
first screen appearance with Gloria
Swanson.

The various other characters, the
majority of which are Argentine,
are essayed by such well-known
and talented screen players as
Josef Swickard, Eric Mayne, Geo.
Corrado, Edythe Chapman, Eileen
Pringle, F. B. Butler, Jacques D'
Auray, Loyal Underwood, and Wal-
ter Long, who as usual, is the
heavy. Some of these players have
been seen in many Paramount Pic-
tures, but a few of them are said
to be new on the Paramount stages.

Series will be made, and the office will
be closed all day.

A beautiful wedding took place Sunday afternoon at three o'clock at the home of Mr. and Mrs. William Cameron, living north of the city, when their daughter, Lillian, was united in marriage to Roy H. Cox, son of James Cox of Connersville. The ceremony was pronounced by the Rev. H. W. Hargett, of the St. Paul's Methodist Episcopal church, in the living room of the home, which was beautifully decorated.

Mendelssohn's wedding march was played for the bridal procession. The bride wore a lovely grey dress of canton crepe and Spanish lace and carried a shower bouquet of bride's roses. N. Frances Arbuckle

To him we entrusted our cause in the world conflict when America took her place in the problems that concerned the welfare of the World. While we bless his name for the land which he has given us, we how our heads in memory of the lives which have been offered upon the altar of self sacrifice that we might enjoy the blessings of today. This day is a Memorial Day lest we forget what we owe to those who have lived before us.

Of the 27 great Americans whose names have been placed upon the bronze tablet in the Hall of Fame in New York City it is said that not one of them is a scoffer of religion.

Lincoln said "When I was first inaugurated I did not love the Saviour. But when I stood on the field of Gettysburg I gave my heart to Christ and I can now say that I love Him."

Washington said that religion was indispensable to character and to the Republic.

Farragot said: "Got is my leader and in Him do I put my trust."

Those who went into the defense of our country went from family altars and firesides where the name of Jehovah was a household name.

While many of them lifted up their prayer to Him for his protection while on the battle front, at home their wives and loved ones met at the same throne morning and evening.

While we pay our tribute of respect to the members of the Grand Army of the Republic on these occasions I always want to pay my tribute of respect to that noble army of women who kept the home fires burning, watched over the little hairnes during the long feverish nights, provided them food and clothing and recounted the deeds of bravery of father at the battle front forgetful of her own bravery during the long night watches.

With them it is fitting that we too should bless the name of Jehovah our God for the good land which he has given us.

They have left us a rich heritage. Ours is the freest, most beneficent, attractive, best country among the civilized nations of the world.

He who can not be happy under the stars and stripes can not be happy under any flag that is wafted by the breezes of heaven.

We are grateful for the Church, the open Bible, our free schools, our representative form of government, and our flag and for all that it stands.

Ours is the task to keep it unsullied. It is stained only as our individual life is stained.

It is blotted only as the national life is blotted by any misconduct on the part of the nation or her individual citizens.

This flag can become what our forefathers want it to become only when every life has become 100 per cent American and Christian.

Your blood changes in the Spring. Why?

YOUR blood is thicker and more sluggish in Winter than in Summer—it has to be to keep you warm. Then comes warmer days and lighter clothes. Your blood, still thick and heavy-laden, is slow to throw off its impurities. What happens? The impurities crowd out through the skin—boils and pimples appear—you feel sluggish and tired! The remedy for this condition is S. S. S. It is the ideal blood purifier, because the medicinal properties are purely vegetable. It is

a glorious fact that S. S. S. has given new, long-forgotten strength to older people and has made many old and young people look years younger. Blood is life—it's your foundation—make it rich—get blood strength—we all need it, especially rheumatics. S. S. S. will give you greater energy, strength and endurance.

Mr. Harry C. Bachman, 4736 Main Avenue, Norwood, Ohio, writes: "I had skin eruptions—pimples and blackheads. — took S. S. S. and was happily surprised at the results I got in less than three weeks' time."

Economy In Building

When you are ready to buy the lumber that goes into your home, bear in mind that often better lumber at the start will avoid extra construction costs and expensive repairs later. Inferior lumber put into your home may mean many repair bills in the future.

A leaky roof—a sagging floor—cracked plaster—a window that won't shut easily—these are often the results of inferior lumber. They mean costly repairs.

These can be avoided if you buy dependable, uniform lumber, such as Long-Bell trade-marked lumber. It will mean a home that is built permanently, without all the annoying and expensive repairs.

Thousands of Indiana People Praise Tanlac

Mrs. Loncrema McDonald Among The Latest to be Restored by Celebrated Medicine—Three Years' Trouble Ended

Joining the thousands of other Indiana people who are praising Tanlac for restoring their health, strength and happiness, Mrs. Loncrema McDonald, R. F. D. 1, Terre Haute, says:

"Since taking Tanlac myself, I can understand why so many people are praising it, for it's one medicine that does just what they say it will. It has rid me of a case of stomach trouble that had just about made a nervous and physical wreck of me. My stomach got out of order three years ago, and I got to where what I

ate hurt me so bad it seemed to do me more harm than good, and at times I was actually afraid to eat anything. I had headaches and weak spells, was so nervous I couldn't get any restful sleep, and many a day I was so weak I had to let my housework go undone.

"Tanlac was the only medicine that helped me. I now eat and enjoy three good meals every day, sleep just fine and never have a headache or weak spell. In fact, I never felt better in my life, and since Tanlac has restored my strength, my housework is just good recreation for me. I'll always praise Tanlac."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.
